

Virgin Money London Marathon 2019- Water Station Policy

Please see below the requirements and associated rewards for all teams who are supporting the 2019 Virgin Money London Marathon with volunteers for the on course water stations.

Requirements

- Due to significant changes on the course, drink station teams are not guaranteed to be located in the same area of the course as in previous years and are not guaranteed to be the only team volunteering on the station. Every effort will be made to allocate all teams to a preferred location but historical locations from previous years cannot be guaranteed. Teams will be asked to volunteer in locations that are most effective for the delivery of the event.
PWAC is still likely (but not guaranteed) to get mile 22 water station.
- The minimum number of volunteers in any team will be 60
- The maximum number of volunteers in any team will be 100
- The minimum age for volunteers on the event day is 14, no team will have any volunteers aged 13 or younger on event day.
- Volunteers aged 14-17 must be accompanied by at least one responsible adult
- As Team Leader I will be required to sign up for the role online and distribute a sign up link to all individual team members. Individual team members will then be required to sign up into the team themselves rather than their details being submitted by the Team Leader. The whole process of submitting details to London Marathon will be online rather than via email. This link will be sent out as soon as received from London Marathon.
- The name, phone number, email address, date of birth and emergency contact details for all team members will need to be confirmed no later than Monday 15th April 2019 and submitted to London Marathon Events via an online form and not via email.

LONDON MARATHON EVENTS

- All team members will receive a t-shirt and cap on event day. The t-shirt must be worn as the final outer layer of clothing by all team members to comply with sponsorship guidelines.
- London Marathon Events may decide to recruit additional volunteers from the Met Police Cadets (or similar organisations) to assist with the clean-up and recycling process during the event.
- Each team will be asked to support the sustainability efforts of the event and this may include some additional post race responsibilities to assist with the recycling process at the end of the race. Any potential details are tbc but will include small additions rather than large changes to the process.

Rewards

- **Every team, regardless of size or location on the course will receive a financial donation following the event. Donations will be paid to the club and cannot be paid to named individuals.**
- **Every team regardless of size or location on the course will receive 5 guaranteed entries into the 2020 Virgin Money London Marathon.**
